

Disease-a-Month®

Nanomedicine

Foreword	322
What Is Nanomedicine?	325
Feynman's Early Vision	326
Nanomedicine Today	327
Immunoisolation	327
Gated Nanosieves	329
Ultrafast DNA Sequencing	330
Fullerene-Based Pharmaceuticals	330
Nanoshells	331
Single-Virus Detectors	331
Tectodendrimers	332
Radio-Controlled Biomolecules	332
Biologic Robots	333
Medical Nanorobotics of Tomorrow	334
Respirocytes	335
Microbivores	336
Chromosome Replacement Therapy	336
Conclusion	337
References	337
Nanostructure-Mediated Drug Delivery	342
Drug Delivery Alternatives	343
Nanotechnology and Drug Delivery	343
Biologic Structures	346
Polymer Structures	347
Dendrimers	348
Silicon-Based Structures	350
Carbon Structures	350
Metal Structures	353
Conclusions	354
References	355

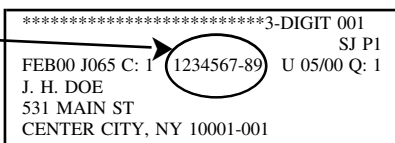

Formation of Nanoparticles of a Hydrophilic Drug Using Supercritical Carbon Dioxide and Microencapsulation for Sustained Release	362
Material	363
Apparatus and Procedure	363
Microencapsulation of Drug Nanoparticles	365
Particle Size Analysis	366
Extent of Encapsulation Measurement	366
In Vitro Release Rate Study	367
Results and Discussion	367
Particle Size and Morphology	368
Percentage Encapsulation	369
In Vitro Release Rate Study of Microencapsulated Drug	370
Conclusion	371
References	371
Atomic Force Microscopy Analysis of the Huntington Protein Nanofibril Formation	374
Methods	375
Preparation of Proteins GST-htt-exon 1-(Q24)-GFP-Histidine and GST-htt-exon 1-(Q67)-GFP-his	375
AFM Procedure	376
Results	377
Morphology of htt Aggregates	377
Comparison of Huntingtin Fibrils at Various Times with and without GFP	378
Fibril Characterization	378
Discussion	380
References	384

Access to *Disease-a-Month Online* is reserved for print subscribers!

Full-text access to *Disease-a-Month Online* is now available for all print subscribers. To activate your individual online subscription, please visit *Disease-a-Month Online*, point your browser to <http://www.mosby.com/disamonth>, follow the prompts to **activate your online access**, and follow the instructions. To activate your account, you will need your subscriber account number, which you can find on your mailing label (*note*: the number of digits in your subscriber account number varies from 6 to 10). See the example below in which the subscriber account number has been circled:
