

Index

Note: Page numbers of article titles are in **bold face** type.

A

- Age considerations, in external fixation, 22
- Akin osteotomy, external fixation for, 35–36
- Ankle, external fixation applications in, **65–96**
- arthrodesis, 166–169
 - tibiocalcaneal, 16, 85–89
 - tibiotalar, 16, 74–85
 - triple, 16, 89–90
 - biomechanics of, 67–69
 - capabilities of, 66
 - circular, 67–69
 - complications of, 92–93
 - distraction arthrodiastasis, 90–92
 - frame removal in, 94
 - limitations of, 66–67
 - wire considerations in, 69–74
- AO/ASIF system, for subtalar arthrodesis. *See* Synthes[®] tubular external fixation.
- Arthrodesis, external fixation for
- ankle, 166–169
 - calcaneocuboid, 54–56
 - first metatarsocuneiform, 33–35
 - first metatarsophalangeal, 30–32
 - naviculocuneiform, 57–58
 - subtalar, **181–194**
 - talonavicular, 56–57
 - tarsometatarsal, 52–54
 - tibiocalcaneal, 16, 85–89
 - tibiotalar, 16, 74–85
 - triple, 16, 89–90
- Arthrodiastasis, distraction, 90–92
- Arthropathy, Charcot. *See* Charcot foot and ankle.

B

- Blood vessels, injury of, in external fixation, 92
- Bone block distraction, in calcaneocuboid joint arthrodesis, 54–56

- Bone graft, external fixation for, 36
- Brachymetatarsal, correction of, external fixation for, 36–38

C

- Calcaneocuboid joint, arthrodesis of, external fixation for, 54–56
- Calcaneus, fractures of, external fixation for, 169–170
- Callus distraction, external fixation for, 19
- Cast, versus external fixation, 13
- Cavovarus foot, external fixation for, 49
- Cavus foot, midfoot osteotomy for, external fixation for, 58–59
- Charcot foot and ankle, **97–117**
- definition of, 97
 - external fixation for, 19, 49–52, 59–60
 - goals of, 98–100
 - postoperative care in, 112–116
 - surgical options in, 101–103
 - techniques for, 104–112
 - incidence of, 97–98
 - stages of, 98
- Charnley, J.C., external fixation devices of, 5
- Clubfoot, correction of, external fixation for, 17–18
- Compression, in forefoot applications, external fixation for, 30–36
- Contractures, in trauma, external fixation for, 174, 176

D

- Deformities, external fixation correction of, 16–18
- in midfoot, 47–49
 - lower leg. *See* Lower leg deformities.

Distraction
 arthrodiastasis, 90-92
 in forefoot applications, external fixation
 for, 36-40

Dynafix external fixation system, for forefoot,
 27-29

Dynamization, in external fixation, 21

E

Edema, in external fixation, 22

Elderly persons, external fixation in, 22

Equinus deformity
 external fixation for, 49
 in Charcot foot, 99

External fixation
 advantages of, 12-13, 66
 complications of, 20-22
 in forefoot, 40
 in rearfoot, 92-93
 disadvantages of, 13-14
 in forefoot applications, 30
 in rearfoot applications, 66-67
 for Charcot foot reconstruction. *See*
 Charcot foot and ankle, external
 fixation for.

for deformity correction, 16-18, 47-49,
119-157

for subtalar arthrodesis, **181-194**

for trauma, 15-16, 35, 47-49, **159-180**

forefoot applications of, **27-44**

fracture after, 21

history of, **1-8**, 9-11, 119, 125, 127

indications for, 14-20, 46-47, 180

midfoot applications of, **45-63**

monilateral devices for, 11

patient selection for, 22-24

psychologic issues in, 23-24

rearfoot applications of, **97-117**

removal of, 21

ring devices for, 11

self-care in, 22-23

training for, 11-12, 14

types of, 11-12, 127, 129

F

Forefoot, external fixation applications in,
27-44
 bone grafts, 36
 brachymetatarsal correction, 36-38
 complications in, 40
 compression, 30-36
 devices for, 27-30
 distraction, 36-40

first metatarsocuneiform joint arthrode-
 sis, 33-35

first metatarsophalangeal joint arthrode-
 sis, 30-32

fractures, 35

Freiberg's disease, 39-40

hallux limitus/rigidus, 39

management in, 40-41

osteotomy, 35-36

shortened first metatarsal, 38-39

soft tissue contraction, 40

Fracture(s), external fixation for
 calcaneal, 169-170

Lisfranc's, 47-49

metatarsal, 35, 170-172, 174-175

open, 15-16

phalanges, 170-172, 174-175

pilon, 15

talar, 160, 162-166, 169

tibial, 160, 162-166

Freiberg's disease, external fixation for, 39-40

H

Half-pin fixator, for tibiotalar arthrodesis, 82,
 84-85

Hallux limitus/rigidus, external fixation for, 39

Hindfoot. *See* Rearfoot.

Hoffman, Raoul, external fixation devices of,
 4, 11

I

Iizarov, Gavriel A., external fixation devices
 of, 6-8, 119, 125, 127
 for tibiotalar arthrodesis, 77-82

Infections, in external fixation, 13, 21, 93,
 176-177

Internal fixation, versus external fixation,
 13-14

J

Joint(s), subluxation of, in external fixation, 22

L

Lambotte, Albin, external fixation devices of,
 2-3, 10

Leg, lower, deformities of. *See* Lower leg
 deformities.

Limb length discrepancies, external fixation
 for, 20

- Lisfranc's fracture, malunion in, external fixation for, 47–49
- Lower leg deformities, external fixation correction of
 anatomic considerations in, 120–124, 126, 129–136
 devices for, 127, 129
 malalignment evaluation in, 141–143
 planning for, 136–143
 rotational, 146–147, 150–154
 short tibia, 144–145, 148–150
 tibial angulation, 133, 145, 148
 versus normal values, 137–141

M

- Malgaigne, Jean-Francois, external fixation devices of, 1, 10
- Malunion, external fixation for, 18–19
 Lisfranc's, 47–49
- Metatarsal(s)
 fractures of, external fixation for, 35, 168–170, 172–173
 short, correction of, external fixation for, 36–39
- Metatarsocuneiform joint, first, arthrodesis of, external fixation for, 33–35
- Metatarsophalangeal joint, first, arthrodesis of, external fixation for, 30–32
- Midfoot, external fixation applications in, **45–63**
 angular deformity, 47–49
 calcaneocuboid arthrodesis, 54–56
 cavus osteotomy, 58–59
 Charcot reconstruction. *See* Charcot foot and ankle.
 devices for, 46
 indications for, 46–47
 naviculocuneiform arthrodesis, 57–58
 osteomyelitis, 49–52, 59
 talonavicular arthrodesis, 56–57
 tarsometatarsal joint realignment and arthrodesis, 52–54

N

- Naviculocuneiform joint, arthrodesis of, external fixation for, 57–58
- Nerve injury, in external fixation, 92–93
- Neuropathy, Charcot. *See* Charcot foot and ankle.
- Nonunion
 external fixation for, 18–19
 in external fixation, 22

O

- Open fractures, external fixation for, 15–16
- Orthofix external fixation system, for forefoot, 27–29
- Osteoarthritis, synovectomy for, external fixation after, 16
- Osteoarthropathy, Charcot. *See* Charcot foot and ankle.
- Osteomyelitis, midfoot, external fixation for, 49–52, 59
- Osteotomy
 for cavus foot, external fixation for, 58–59
 of metatarsals, external fixation of, 35–36

P

- Pain, in external fixation, 22
- Parkhill, Clayton, external fixation devices of, 2, 10
- Pediatric patients, external fixation in, 22
- Pennig external fixation system, for forefoot, 27–28
- Phalanges, fractures of, external fixation for, 168–170, 172–173
- Pilon fractures, external fixation for, 15, 158, 160–164
- Psychologic issues, in external fixation, 23–24

R

- Rearfoot, external fixation applications in, **65–96**
 biomechanics of, 67–69
 capabilities of, 66
 circular, 67–69
 complications of, 92–93
 distraction arthrodiastasis, 90–92
 frame removal in, 94
 limitations of, 66–67
 tibiocalcaneal arthrodesis, 16, 85–89
 tibiotalar arthrodesis, 16, 74–85
 triple arthrodesis, 16, 89–90
 wire considerations in, 69–74
- Rheumatoid arthritis, subtalar arthrodesis in, external fixation for, 183–188
- Rockerbottom foot, external fixation for, 49–52

S

-
- Sagittal deformity, of midfoot, external fixation for, 49
- Screw fixation, of first metatarsocuneiform joint arthrodesis, external fixation with, 33–35
- Skewfoot, external fixation for, 48–49
- Soft tissue
 contraction of, prevention of, external fixation in, 40
 injury of, in external fixation, 21
- Subtalar joint, arthrodesis of, external fixation for, **181–194**
 case studies of, 185–193
 in joint degeneration, 190–193
 in rheumatoid arthritis, 185–190
 indications for, 180
 postoperative management in, 185
 technique for, 182–185
- Synovectomy, for osteoarthritis, external fixation after, 16
- Synthes[®] tubular external fixation, for subtalar arthrodesis, **181–194**
 case studies of, 185–193
 in joint degeneration, 191–193
 in rheumatoid arthritis, 185–190
 indications for, 182
 postoperative management in, 185
 technique for, 182–185

T

-
- Talonavicular joint, arthrodesis of, external fixation for, 56–57
- Talus, fractures of, external fixation for, 160, 162–166, 169
- Tarsometatarsal joint, arthrodesis of, external fixation for, 52–54
- Tibia
 angulation of, external fixation correction of, 133, 145, 148

- deformities of. *See* Lower leg deformities.
 pilon fractures of, external fixation for, 15, 160, 162–166
 rotational deformity of, external fixation correction of, 146–147, 150–154
 short, external fixation correction of, 144–145, 148–150

Tibiocalcaneal joint, arthrodesis of, external fixation for, 16, 85–89

Tibiotalar joint, arthrodesis of, external fixation for, 16, 74–85

Trauma. *See also* Fracture(s).

- external fixation for, **159–180**
 ankle arthrodesis, 166–169
 ankle joint bridging, 160, 162–166
 calcaneal fractures, 169–170
 contractures, 176, 178
 Ilizarov technique for, 172–173, 176–179
 metatarsal fractures, 170–172, 174–175
 phalangeal fractures, 168–170, 174–175
 talar fractures, 169

Triple arthrodesis, external fixation for, 16, 89–90

V

Valgus deformity, of midfoot, external fixation for, 48–49

Varus deformity, of midfoot, external fixation for, 48–49

W

-
- Wires, in external fixation
 of first metatarsocuneiform joint arthrodesis, 33–35
 of first metatarsophalangeal joint arthrodesis, 30–32
 of rearfoot procedures, 69–74
