Dedication

Complications of foot and ankle surgery

As the Guest Editor, I'd like to dedicate this issue to my loving family. My wife, Lori, has been our family's captain, keeping us going on a steady forward course. My children: Lexi, Haley, James III, Cassie, and Matthew have been great shipmates to one another and to Lori and me. Occasionally, I am an anchor—holding us back, but most of the time, I hope, I am the lighthouse, not too far away, providing a safe haven for the crew.

I'd like to thank my family for sailing with me on this great journey.

Love,
Dad

James J. Sferra, MD
Guest Editor
Head, Section of Foot and Ankle Surgery
Department of Orthopaedic Surgery
The Cleveland Clinic Foundation, 9500 Euclid Avenue
